Allowable Subject Matter

1. Claims 1-17 are allowed.

With respect to claim 1, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show *"a fuel assembly secured to and projecting internally from said endcover, said fuel assembly including a structure defining a purge passage extending in said aperture; a seal between said seal cover and said endcover ...; said seal including an annular spring generally C-shaped in cross-section having opposite edges biased to engage said seal cover and a seat forming part of said endcover"*, in combination with the other claim limitations.

With respect to claim 11, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show *"a seal between said endcover and said insert having axially spaced legs engageable against said registering shoulders of said endcover and said insert to seal against internal fluid leakage between said end cover and said insert; and a fuel nozzle secured to said endcover and having passageways in communication with the fluid passages, respectively, in said insert"*, in combination with the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The claims have been amended as follows:

In claim 1 line 1 replace the recitation "A endcover" by --An endcover--. This correction has been made in order to correct an obvious typographical error.
